EXECUTIVE SUMMARY

Click Clack Vending aims to provide convenient, culturally diverse, and round-the-clock food solutions to active individuals. We operate a network of instant noodle vending machines that not only dispense a variety of popular instant noodle brands but also provide hot water, making them ready-to-eat on the spot.

Our proposal is to place these unique vending machines at strategic locations within your facilities. The key benefits for you include:

Enhanced Consumer Experience: Our vending machines offer a convenient and quick meal solution for busy folks, catering to diverse tastes and preferences.

No Operational Hassle: Click Clack Vending will handle all maintenance and restocking of the vending machines, ensuring a hassle-free experience for you.

Potential Revenue Stream: You will benefit from a proposed profit-sharing model, providing a new, passive revenue stream.

Promotional Opportunities: As an optional add-on, the LCD screen on the vending machine can be used for advertising your events or initiatives.

We believe that our instant noodle vending machines will be a valuable addition to you, enhancing the customers' experience while also providing a financial benefit to you.

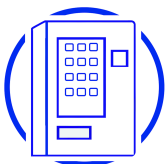

WHO ARE WE?

COMPANY PROFILE

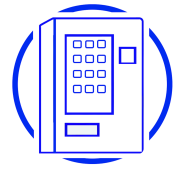

Click Clack Vending revolutionises on-the-go dining for busy folks with our state-of-the-art instant noodle vending machines. We combine convenience, cultural diversity, and a touch of tech to deliver hot, delicious noodles in seconds. We're not just a vending machine; we're a lifestyle choice that understands the pulse of today's bustling life. With Click Clack, instant noodles just got a whole lot more instant!

Drawing upon our extensive experience in retail and FMCG products across Europe and Asia, we are uniquely positioned to offer reliable vending solutions that cater to the evolving needs of today's consumers, ensuring satisfaction at every interaction.

WHO ARE WE?

OUR MACHINES

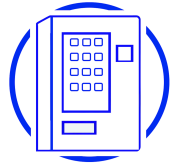

Ours are not your typical vending machines - they are designed to dispense a variety of popular instant noodle brands and provide hot water, making them **ready-to-eat** on the spot. This unique concept caters to the needs of those who are looking for quick, accessible, and cost-effective meal options.

Instant noodles just got a whole lot more instant!

We strategically place our vending machines in high-traffic locations, ensuring maximum visibility and accessibility.

All maintenance and restocking of the vending machines are handled by us, providing a hassle-free experience for you.

BENEFITS TO YOU

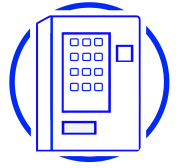

Unique Service: Our instant noodle vending machines offer a unique service that caters to the diverse food preferences and busy schedules of consumers. They provide a quick, convenient, and culturally diverse food option available 24/7.

Supporting Consumers Needs: By hosting our vending machines, your establishment demonstrates a commitment to supporting consumers needs beyond traditional services. It shows an understanding of their lifestyle and a willingness to innovate for their convenience.

Revenue Stream: The proposed profit-sharing model provides a new, passive revenue stream for you.

Promotional Opportunities: The vending machines' 21-inch screens can be used for advertising events or initiatives, enhancing communication with consumers.

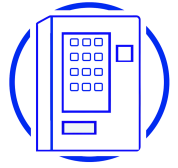

BENEFITS TO CONSUMER

Convenience: Our vending machines provide round-the-clock food, ideal for those still awake at late hours or those needing a quick meal at whichever time, day or night.

Affordability: Prices averaging £3 per cup, our instant noodles are a cost-effective meal option for budget-conscious individuals.

Cultural Diversity: With a variety of popular instant noodle brands from different countries, we cater to diverse food preferences. This is particularly beneficial for visitors from overseas but will appeal equally to those looking for a taste of the ultimate comfort food.

MAINTENANCE & SERVICE

Click Clack Vending is committed to ensuring the smooth operation of our vending machines. Here's how we handle maintenance and servicing:

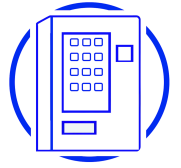

Restocking: Our team will restock the vending machines regularly based on usage patterns. We aim to ensure that the machines never run out of product and offer a variety of choices at all times.

Cleaning: The vending machines will be cleaned during each restocking visit to maintain hygiene standards and ensure the machines are always presentable.

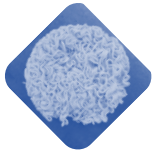

Maintenance: We will conduct regular maintenance checks to ensure the machines are functioning optimally. Any necessary repairs will be carried out promptly to minimize downtime.

24/7 Support: We provide 24/7 support to handle any immediate issues or concerns. Our team can be reached via phone or email for quick resolution of any problems.
